THE BATON ROUGE AREA FOUNDATION

is working to build a thriving and resilient future for all in Baton Rouge and beyond. We deliver on this vision through the following key activities:

➤ **Catalyzing Change and Positive Opportunity in our Community**

The Foundation leads civic projects with annual support from our members. This work seeks to address the most pressing barriers to opportunity and is guided by data and community need.

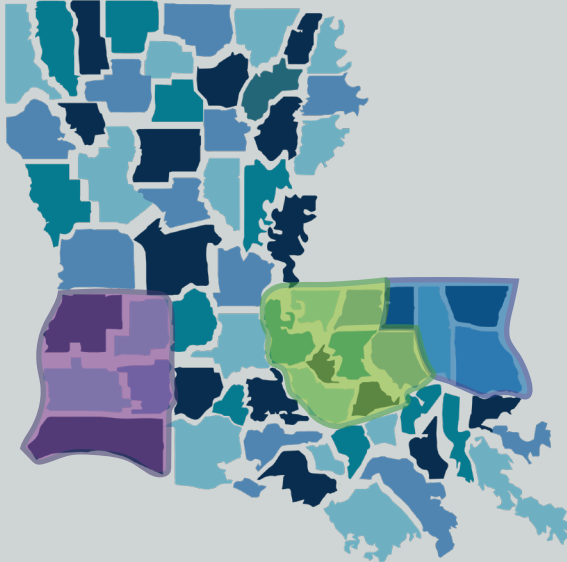

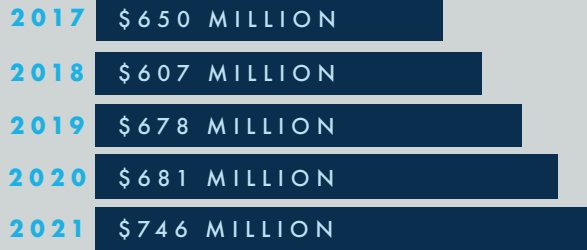

➤ **Fostering a Strong Philanthropic Environment**

We manage charitable funds for individuals, families, companies, and nonprofit organizations. The most popular fund is a Donor Advised Fund, a charitable giving vehicle that offers an immediate tax benefit to the donor and allows them to make grants over time. We manage the fund and provide resources and expertise to connect donors with the causes they care most about. The Foundation has granted over \$630 million since inception in 1964.

➤ **Empowering Changemakers and Nonprofits**

The Center for Nonprofit Excellence provides strategic and technical support to nonprofit organizations. We build relationships with and between nonprofits in our area, connect organizations to funding opportunities, offer consulting services for fundraising and planning, and lead educational fellowships.

» LETTER FROM THE CHAIR

THE PAST YEAR has been a journey of transformation and progress, and I am excited to share some of the remarkable things we have accomplished together. Our collective efforts are helping to create a strong and vibrant community full of possibilities.

One of the most significant changes last year was welcoming Chris Meyer as our new CEO. Chris has infused our organization with fresh energy and new perspectives since arriving in February of 2022. We also engaged in constructive dialogues with our members, donors, and neighbors through a thorough strategic planning process that allowed us to explore the challenges and goals that lie ahead.

You've no doubt heard of the amazing outcomes from that process, including our restructured divisions, the recently launched Center for Nonprofit Excellence, and the introduction of the Opportunity Agenda. This year and in years to come, the Opportunity Agenda will guide our commitment to fostering regional resiliency, excellent education, safe neighborhoods, economic prosperity, healthy families, and a high quality of life for a thriving future.

Philanthropists at the Foundation renewed their commitment to supporting nonprofits, with nearly \$40 million in funding distributed in 2022 to charitable endeavors from funds held here at the Foundation. Our membership renewal rate also reached an all-time high, showcasing the dedication of

community members like you.

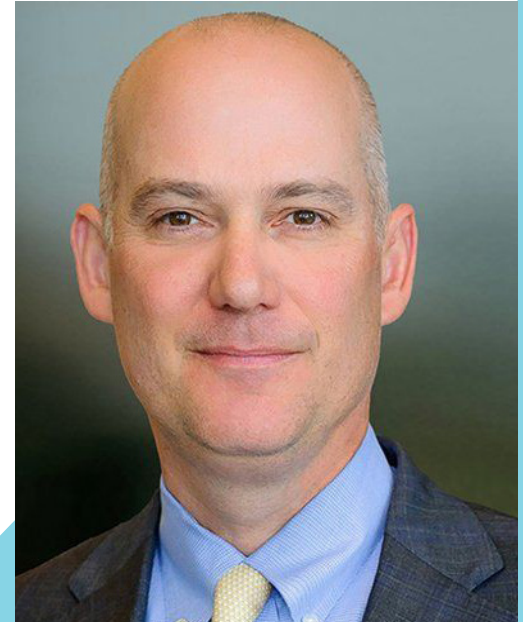

Through this period of transition, we remained steadfast in our commitment to driving progress on impactful projects in our community. Be it the restoration of the University Lakes, the growth of the Capital Area Autism Network, or the revival of public art, your ongoing support has made these endeavors possible.

Our optimism for the future is fueled by the support of our community, partners, generous fund donors, and committed Foundation members. Your faith propels us forward for the betterment of South Louisiana and beyond. Together, we are fostering positive change and creating a future where everyone can thrive and have the resources to achieve

their dreams. It is through your belief in our mission that the transformative achievements of 2022 became possible. Thank you once again for being an integral part of our journey.

Here's to another remarkable year ahead!

Sincerely,

Jeff Koonce
Board Chair

► LEADERSHIP CHANGES

WELCOMING OUR NEW PRESIDENT AND CEO

IN 2022, THE BATON ROUGE Area Foundation selected its second-ever full-time President and CEO, Chris Meyer. Prior to taking the helm at the Foundation, Chris cemented his reputation as a visionary leader during his tenure as CEO of New Schools for Baton Rouge. There, he galvanized community support around a singular big idea: every child in East Baton Rouge Parish deserves a high-quality education, no matter the family or neighborhood they are born into. Now, at the Baton Rouge Area Foundation, he is driven by a desire for everyone in our community to have access to enhanced opportunity.

With a background steeped in public service, he started his journey as a teacher with Teach for America in New Orleans. Later, he spearheaded efforts to improve schools and expand charter school opportunities at the Louisiana Department of

Education. At New Schools for Baton Rouge, he successfully raised over \$80 million to support the launch of new schools, showcasing his remarkable ability to mobilize resources for meaningful causes.

Chris believes in the power of community to enact meaningful change. He has seen first-hand how coalitions generate momentum and resources when everyone pursues a common goal. Under his leadership, the Foundation and those with whom we partner are poised to create a brighter and more promising future, enhancing opportunities and the overall quality of life in Louisiana.

Chris J. Meyer
President and CEO

► STRATEGIC FRAMEWORK

A LOOK INTO OUR STRATEGIC PLANNING PROCESS

WE BEGAN A THOROUGH STRATEGIC PLANNING PROCESS in March of 2022. This new framework was developed in lock step with our community, donors, and members. Importantly, this process honored the history of BRAF while allowing us to continue to dream big and deepen the impact of the Foundation.

Over the course of seven months, we engaged more than 300 community members through a Strategic Planning Committee, Advisory Councils, one-on-one meetings, and robust group listening sessions convened by community leaders. Through this we developed a vision by which we would set our future work: **to build a thriving and resilient future** for all in Baton Rouge and beyond. This vision is central to how we will work to drive lasting and meaningful impact in our community.

In response to this feedback, we organized our team in new ways to better implement the vision articulated in our Strategic Framework. The department formerly known as Strategic Consulting Services became the Center for Nonprofit Excellence, setting the stage for the expansion of services we offer to area nonprofits in 2023. Donor Services evolved into Philanthropic Advancement, a division focused on nurturing existing and emerging philanthropists in our community.

We also defined our Opportunity Agenda, a set of six areas of focus that can have the greatest impact on improving access to opportunity in our community. This year and in years to come, the Opportunity Agenda will guide our Civic Leadership pursuits towards fostering economic prosperity, excellent education, safe neighborhoods, healthy families, regional resiliency, and a high quality of life.

KEY DRIVERS OF OPPORTUNITY

- Economic Prosperity
- Excellent Education
- Healthy Families
- Quality of Life
- Strong and Safe Neighborhoods

01 AUTISM

ONE IN THIRTY-SIX. That's the current prevalence rate for Autism diagnoses in the United States. When the Foundation first researched gaps in local autism services in 2016, the rate was nearly half that amount. Since the release of that report, we've partnered with doers in our community to ensure the recommendations of the report were translated into action.

Our report outlined 25 steps to improve how families of children with autism could more effectively access the resources available to them. One recommendation was to connect families with relevant information; our answer was to launch Exceptional Lives, a free online resource for people with disabilities and their loved ones.

With support from Matt and Sherri McKay, philanthropists with a Donor Advised Fund at the Foundation, this resource was developed not only for Baton Rouge, but for all families across Louisiana. In 2022, we celebrated the five-year anniversary of launching Exceptional Lives Louisiana. In that time families have visited their site more than 1.5 million times to access free disability resources 24/7/365.

The Capital Area Autism Network was created to coordinate implementation of the report's remaining 24 recommendations and help service providers coordinate to better serve families. Last year marked the formalization of a partnership with Our Lady of the Lake in staffing this important coalition.

02 UNIVERSITY LAKES

IN 2014, we marked the Foundation's 50th anniversary by announcing a master plan to save the six-lake system near LSU. Momentum grew year after year with state and local leaders- including Governor John Bel Edwards, Mayor-President Sharon Weston Broome, LSU and BREC- helping to propel progress on the project.

After funding was secured to complete the first phase of this plan, dredging equipment was placed in the lakes to begin investigating the feasibility of the master plan in 2022.

Now under the management of LSU Real Estate and Facilities Foundation and its partners, the work conducted last year set the stage for the project to begin in earnest in 2023. When completed, the shallow and dying lakes will be reborn with bike and walking paths, park promenades and other features, making the area a beautiful place the people of Baton Rouge can take pride in together.

03 PASSENGER RAIL

IMAGINE USING YOUR TRAVEL TIME between Baton Rouge and New Orleans efficiently. Perhaps you are answering emails for work, enjoying a coffee on the way, or simply appreciating Louisiana's scenic beauty outside your window. Train travel provides a unique experience, where time slows as you pass by our area's picturesque landscapes. That's the promise of passenger rail service between the two cities.

Last spring, that dream sped toward becoming a reality when Gov. John Bel Edwards joined officials from Amtrak, the Federal Railroad Administration, Kansas City Southern Rail and Canadian Pacific Railway, and Louisiana's Department of Transportation for a train ride along the proposed route. This ride helped officials evaluate the condition of existing rail lines to better understand improvements that will be necessary for regular travel along the route.

Canadian Pacific also advanced its plans to acquire Kansas City Southern, the company that currently owns the existing rail line between Baton Rouge and New Orleans. The acquisition was officially approved near the turn of the year. Good things take time, but we're well on our way.

04 SAFEBR

DURING COVID-19, our community saw a surge in displacement from work and school. Data shows that displacement from employment and education opportunities often leads to increases in violent crime. We knew we had to act fast to support our first responders and limit the increase in crime through proven methods.

We partnered with the Baton Rouge Area Chamber, business leaders, and civic partners to lay the groundwork for SafeBR, a collaboration that formally launched in early 2023. Through extensive planning in 2022, planning partners identified three objectives for the coalition:

- **New resources for law enforcement** to enhance existing, and new, strategies proven effective in stopping violent crime as well as individual assistance for first responders injured in the line of duty.
- **Community investment** in evidence-based strategies to disrupt the cycle of crime and violence.
- **Accountability and transparency** for the entire system of justice and our collective investments.

Since launching publicly, hundreds of individuals and businesses have joined the coalition.

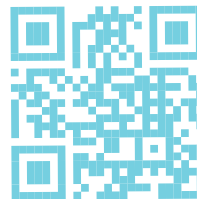

» RECORD MEMBERSHIP

THANK YOU TO OUR MEMBERS

THANKS TO YOUR SUPPORT, we increased our membership to an incredible four-year peak, with 376 passionate individuals and organizations joining. Your membership powers our ability to lead impactful work in our community and make progress on the exciting projects you've come to know us for.

We invite you to join or renew your membership today as we continue to foster positive change, uplift those in need, and shape a brighter future for people in Baton Rouge and beyond. Together, we can make an even greater difference and impact.

LINDA AND JOHN DAVIES 33 FUND

The Linda and John Davies 33 Fund was established in 2022 in honor of our former CEO, John Davies, and his wife, Linda, after 33 years of service to the community. We extend our special thanks to the following contributors:

Mr. and Mrs. Thomas J. Adamek
Dr. and Mrs. Frank J. Alvarez III
Mr. and Mrs. James J. Bailey III
Mr. and Mrs. William E. Balhoff

The page features several large, abstract geometric shapes in various shades of blue (dark, medium, and light) and white. These shapes are arranged in a way that frames the central text. There are four main shapes: a large dark blue triangle at the top left, a light blue triangle at the top right, a light blue triangle at the bottom left, and a dark blue triangle at the bottom right. A white diagonal line runs through the center, separating the top and bottom shapes.
